

MODU-FLEX trolleys with doors

MODU-FLEX carts with doors

Our **MODU-FLEX** carts with doors are entirely made in aluminium and are available in heights of 150 cm en 185 cm and in widths of 40, 60, en 2x40 cm. The doors open 270 degrees and can be fixed to the cart sides. They can be provided with a key lock or an electronic code lock. The inside is equipped with modular liners that have an insertion interval of 40 mm, so modules of 5, 10 en 20 cm deep can be put inside. The modules can be placed in horizontal, slant and tilt position inside the carts. All carts can be equipped with various accessories like horizontal or vertical push handles, a bumper and a folding coupling device. By default, our carts have 4 double swivel castors of 100 mm diameter on dustproof ball bearings, 2 of them with brake. A version with two swivel castors and two fixed castors is also available. Swivel castors with directional lock are also a possibility.

On demand, the carts are available in a water-resistant version, suitable for cleaning and disinfection in tunnel washers. Custom made editions with different requirements can be produced at the request of the customer.

In the table below, we give you the dimensions of our standard MODU-FLEX carts with doors.

Outer dimensions without accessories

No. of sections	Width of section	Height of cart	Outer dimensions of cart H x W x D
1	40 cm	150 cm	150x50x70 cm
1	40 cm	185 cm	185x50x70 cm
1	60 cm	150 cm	150x70x50 cm
1	60 cm	185 cm	185x70x50 cm
2	40 cm	150 cm	150x92x70 cm
2	40 cm	185 cm	185x92x70 cm

MODU-FLEX with door – 1 section of 40 cm wide – 150 cm high
Article no: 128400D01500
