

MODUL-iT cabinets

MODUL-iT ISO modular cabinets and accessories

matteo has of a vast range of **MODUL-iT** ISO modular cabinets, such as: high cabinets, low cabinets, wall cabinets and sink cabinets. In brief: a complete assortment to furnish the hospital departments. Our cabinets are made of High Density Fibreboard with a melamine finish. All cabinets, except for the wall cabinets, have a height-adjustable and water-resistant plinth. All of our models are available with or without a door. Apart from the sink cabinets, all cabinets are equipped with liners with 3 positions for modules and a safety stop system. Depending on the type of cabinet, the modules can be put inside in the 40 cm wide direction or in 60 cm wide direction. The interval between two guides is 40 mm.

It is fast and easy to make a complete wall with our **MODUL-iT** cabinets. It suffices to connect the cabinets in the desired order. Once installed, the cabinets are perfectly compatible with our **iOSS communication software** for an efficient stock management on department level. **MODUL-iT** cabinets are spacesaving, they store products in a very organised way and simplify the logistic organisation.
