

MODUL-iT

MODULAR SIDE PANELS

ABS	FLEXIBILITY
<p>The modular side panels of our ISO modular MODUL-iT system are all made of injection-moulded ABS. At the backside they have reinforcing ribs, which provide extra stiffness and strength.</p>	<p>Our side panels are unique, because all possible applications have been built in. This means our ISO modular trays and baskets can be stored in 3 ways: horizontal, angled and in tilting position. All side panels are also equipped with a stop system for the ISO modules.</p>

ERGONOMICS	OPTIMISATION
<p>In order to increase ease of use under heavy loads, the user has the option of clicking ergonomic wheels into the side panels. This significantly reduces friction and allows the user to slide the heavily loaded modules in and out of the cabinets much more easily.</p>	<p>The distance between the rails is 40 mm. This allows the cabinets to be filled in the most optimal way and minimises the loss of space. It also gives users maximal freedom in choosing their desired layout.</p>

MODUL-iT MODULAR SIDE PANEL FOR 600 MM WIDE CABINET - 375x320 mm

	Article number	Short Description
	126999-00001	Modular side panel left 375x320 mm (LxH)
	126999-00002	Modular side panel right 375x320 mm (LxH)

MODUL-iT MODULAR SIDE PANEL FOR 400 MM WIDE CABINET - 575x320 mm

	Article number	Short Description
	126999-00003	Modular side panel left 575x320 mm (LxH)
	126999-00004	Modular side panel right 575x320 mm (LxH)

MODUL-iT MODULAR SIDE PANEL FOR 600 MM WIDE PASS-THROUGH CABINET - 412x320 mm

	Article number	Short Description
	128000-00001	Modular side panel 412x320 mm (LxH)

MODUL-iT MODULAR SIDE PANEL FOR 400 MM WIDE PASS-THROUGH CABINET - 596x320 mm

	Article number	Short Description
	128000-00002	Modular side panel 596x320 mm (LxH)

MODUL-iT RELIEF WHEEL FOR SIDE PANELS

	Article number	Short Description
	127000-00000	Relief wheel

ACCESSORIES FOR INSTALLATION OF MODULAR SIDE PANELS IN CABINETS

	Article number	Short Description
	140002-52529	Screw for installation in melamine cabinet
	140003-52529	Screw for installation in HPL cabinet

The logo graphic consists of three horizontal, overlapping curved lines in shades of green and white, positioned above the word 'mattteo'.
